## \* Intermediate Science Fair \*

*To Parents of Grades 4 - 7 Students:*

We are pleased to announce the upcoming TLA Science Fair to take place in early May, 2022. Science Fair projects serve as an enrichment to the science curriculum, and a chance for students to delve deeper into areas of science that are of interest to them. Students will be well-prepared to undertake their projects successfully, so it does not need to become an all-encompassing family undertaking! Students have the coming three months in which to complete their projects. Certificates and prizes of \$150.00 for first place, \$100.00 for second place, and \$50.00 for third place will be awarded. Science Fair projects should involve a learning process where the students select subjects of their choice, design a research project that tests a specific hypothesis, records and analyses the data, and finally states a conclusion regarding the experiment.

A time line with all due-dates and rules, will be given to all interested students along with their information packages once they have returned the section below.

Please note the following guidelines:

- The Metric System must be used in all calculations and measurements.
- All observations and calculations should be entered by the students in their Science Fair Composition Notebooks.
- Students must identify their topic/question to be investigated by February 20, 2022
- Students will be guided by me or their other science teachers weekly.

Should you have any questions or comments, please do not hesitate to contact Mrs. Bucci by email at [n.bucci@traditionallearning.com](mailto:n.bucci@traditionallearning.com).

Please return this section below to the home room teacher by Friday, February 4, 2022.

## TLA Science Fair 2022

### REQUEST FORM

Name of Student: \_\_\_\_\_ Grade: \_\_\_\_\_

Please Check One Option:

My son/daughter is committed to participating in the TLA Science Fair 2022. We understand that this is a project which requires effort over the coming months, and will involve a running record of their progress.

My son/daughter will not participate in the TLA Science Fair 2022.
